Russians Sending 2,500 Soldiers Daily Into Manchuria.

(By Associated Press.)

BT. PETERSBURG, June 3.—The best informed military circles attach no importance to the reports that General Kuropatich has detached a large force from his army at Liao Yang and dispatched it southward to relieve Port Arbur, and it is disuncily denied that Emperor Nicholas personally ordered such a movement.

patched it southward to relieve Port Arthur, and it is disuncily denied that Emperor Nicholas personally ordered such a movement.

It can be authoritatively staied that the Emperor's confidence in Kuropatkin is not shaken, and His Majesty is not attempting to interfere with his plan of campaign. While no such army has been dispatched southward, it is natural that Kuropatkin will do all possible to harass General Oku's rear. The railroad has been kept open as far as Vafangow, twenty-five miles above Kin Chou, and it is not unlikely that when the Japangee have failed to push through a line across the head of the Lao Tung Peninsula, that several thousand Russian troops may be sent down the railroad to impede the Japanese operations and inflict as much damage as possible, as these can easily be withdrawn by railroad if the enemy threatened to cut the line of communications above.

Even the loss of a few regiments would be considered cheap if the Japanese operations and insecoperations and apanese operations and in stream of the line of communications above.

Even the loss of a few regiments would be considered cheap if the Japanese operations apaginst Port. Arthur were thereby retarded for a time, However, it is realized that with the Japanese in pessession of Port Dalny and Tallen-Wan as basis for landing siege guns, and the small force above Kin Chou could accomplish but little, and it is now more likely to be withdrawn, destroying the railroad as it retires northward. For strategic purposes Kuropatkin may be trying to make the Japanese believe that a movement southward is contemplated, in order to divert Kuroki's attention in that direction.

The impression is being thrown out in certain quarters here that Kuropatkin is about to take the offensive, and that an engagement with Kuroki is imminent. But so far as can be ascertained, there is no solid foundation for this, It is unquestionable, however, that the railroad is pouring troops into Manchupia at the rate of almost 2,500 a day, and it will not be long at the

mittee, with headquarters in the United States, met here to-day for the purpose of organizing an international league for the promotion of woman's suffrage. Susan B. Anthony presided.

The platform of the league declares that men and women were born equal and free and independent members of society, and that the natural relationship of the sexes is one of reciprocity and common effort. Self determination in the house and State is the inalienable right of every normal adult person, hence woman as a class and as an individual does not owe obedience to the State or to her husband. Every government taxing women without permitting suffrage exercises tyranny irreconcilable with justice. Suffrage is the only means for asserting the personal rights which the American Declaration of Independence recugnized as inviolable, and all modern constitutions accept the same position. Constitutional States must therefore grant suffrage irrespective of sex. grant suffrage irrespective of sex.

# BOY MURDERED HIS MOTHER

(By Associated Press.) (By Associated Press.)

TRENTON, N. J., June 3.—Nathan Sibbett, the fourteen-year-old boy who was arrested last Sunday on the charge of being responsible for the death of his mother, whose body was found at her home at Jacob's Creek in a partially decomposed condition, was to-day formally committed on a charge of murder.

The coroner's jury to-day rendered a decomposed condition, was to-day inmaily committed on a charge of murder.
The coroner's jury to-day rendered a
verdict to the effect that Mrs. Sibbett
came to her death by being pushed down
stairs by her young son. This verdict
was rendered from the testimony of
police officials, to whom young Sibbett
made a confession, According to the testimony of the officers, the lad had a quarrel with his mother on the Tuesday before her body was found, and he pushed
her from the top of the stairs, her death
resulting. The boy then covered her body
with bed clothing and left the house. He
wandered around the neighborhood, telling those who inquired that his mother
had gone to Philadelphia. When the
house was broken into Sunday and the
body found the boy professed entire ignorance of his mother's death. After he
had been locked up and closely questioned by the authorities he made the
confession which resulted in to-day's verdict.
